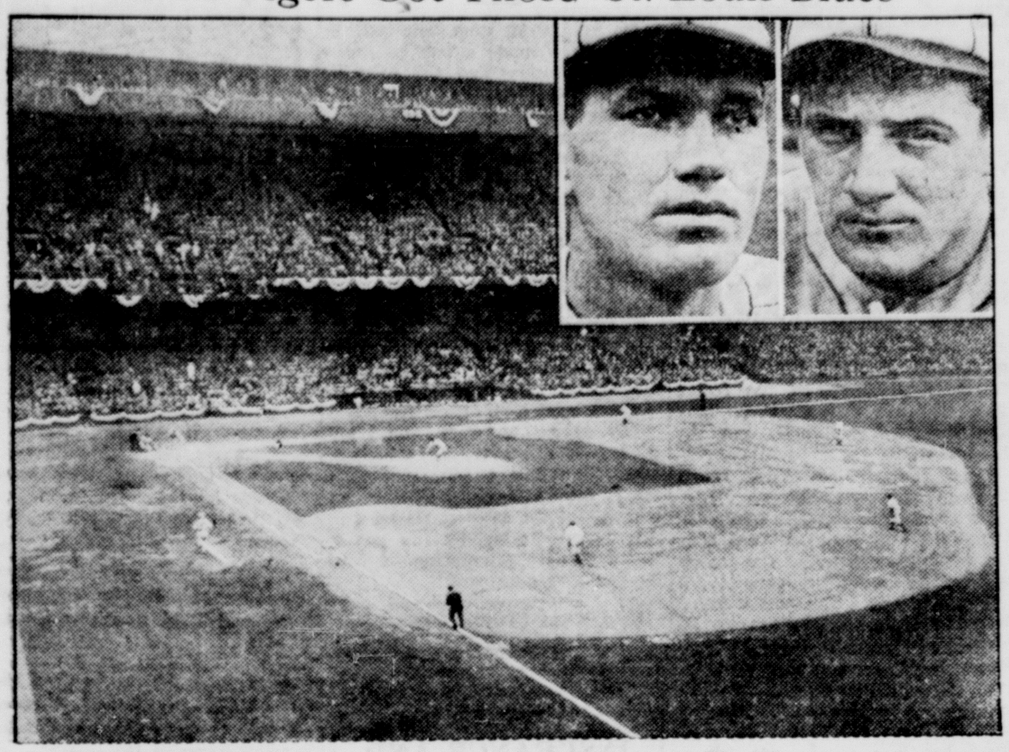
When Tigers Got Those 'St. Louis Blues'



It was a blue time in old Detroit town Tuesday night, after the St. Louis Cardinals of the National League blasted their way to a 11 to 0 victory and the World's Championship over the American League Detroit Tigers.

Automobiles were forgotten temporarily in America's motor industry center and the chief occupation of the afternoon was howling by Detroit fans as the Cardinals captured the seventh game of the in both the first and last game World's Series and the title.

Navin Field in Detroit where the series opened and ended is shown above with the mobs filling the stands.

"Dizzy" Dean, (left insert) the big brother of the St. Louis pitching staff, who with his younger brother "Daffy" Dean, ended the season in a flashing performance of pitching which gave the Cardinals the National League Championship. "Dizzy" was on the mound of the series.

Joe Medwick (right insert) Cardinal center fielder was called from the game on orders from Baseball Commissioner K. M. Landis, following a dispute in the 6th inning of Tuesday's game. It was Medwick's stick-work—four hits, one of them a home run, in five times at bat, which assisted "Dizzy" in winning the first game of the series last week.

URGE CITIZENS HELP TO FINISH CLEAN-UP DRIVE

Burrow and Hill Urge Cooperation From Citizens

HILL'S STATEMENT

Final Clean-Up Needed Before Celebration Next Week

The completion of the Clean-up campaign begun several weeks ago is urged of Canyon citizens in appeals issued this week by Mayor C. R. Burrow and Dr. J. A. Hill, president of the College. The purpose in inaugurating the drive was to have the town in a clean and attractive condition by the time of the Silver Anniversary Celebration at the college next week.

Mayor Burrow stated that considerable good had been done in the early stages of the drive to clean up the town including the cutting of the weeds on vacant lots, but that there was much more need to be done before the end of next week. He urgently requests the support of every citizen in finishing the clean-up job.

Dr. Hill, yesterday, issued a statement in the form of an open letter to the citizens of Canyon urging that every efort be made to present an inviting atmosphere to the visitors expected. His letter in full follows:

"To the People of Canyon:

"The Homecoming next week-end will unquestionably bring to Canyon (weather permitting) thousands of people from all over the country. It seems to me that we should make every possible provision for their comfort and happiness, and have our streets and premises clean and attractive. We

Rotary Head

TOM TAYLOR

Tom Taylor, governor of the 41st District of Rotary International, and president of the Howard Payne College, Brownwood, will be in Canyon Tuesday, October 23rd, the guest of the Canyon Rotary Club.

5,000 VISITORS ARE EXPECTED DURING TWO-DAY CELEBRATION

Plans Being Completed For Busy Round Of Activities

The Silver Jubilee Celebration and Homecoming for ex-students at the West Texas State Teachers College will hold the spotlight in Canyon and this section of the state next week. With fair weather, college officials predict that between 4,000 and 5,000 visitors will be in Canyon next Friday and Saturday, October 19 and 20.

Committees in preparation for the huge celebration of the 25th anniversary of the founding of the College, have, in some instances been working on plans for almost a year. In preparing details for all phases of the two-day program, every faculty member of the college and a number of outsiders have been drafted to assist.

Walter D. Cline, of Wichita Falls, a leader in the Texas Centennial movement for 1936 and a past president of the West Texas Chamber of Commerce, will be the principal speaker on the afternoon program of the opening play.

Program Opens Friday Morning

Varied forms of entertainment for the visitors have been arranged. Special teas, luncheons, trips to the Palo Duro Canyon, a barbecue and a play by faculty members of the college will be among the features of entertainment during the celebration.

The program will open Friday morning in the Administration building auditorium with an address of welcome by Dr. J. A. Hill, president of the college and one of the first faculty members.

From among the thousands who have attended the College since it was founded as the Northwest Texas State Normal, When Canyon was known generally as Canyon City, there have gone men and women, who are now recognized

BYRD TRACTOR MEN TO SOUTH

Joe Boy One Of Three On Jaunt To South Pole Region

While farmers at home are driving tractors day and night in preparation for next year's wheat crop, Joe Hill, Jr., known to home folks simply as "Joe Boy" is driving a tractor in far-off Little America as a part of his work with the Byrd expedition.

A second tractor party of the expedition left the base this week for a journey of exploration far to the south. The party will go to the advance weather base where Admiral Richard Byrd and three men have been stationed for weeks. The tractor will carry supplies for two sledging parties which will make tours of exploration to Queen Maude range and the South Polar plateau.

Joe Boy is one of the three members of the second tractor party to leave the base. The first party to leave the base several days ago was under the command of Harold June. Lt. Commander George Noville, field engineer of the expedition will command the second party.

Dr. and Mrs. Hill received a cablegram from Joe several days ago, asking that they send him some money and new clothes.

When Joe Was in New Zealand on his way to the south pole, he lost his suit case con-

GAS PATRONS MEET TONIGHT

A general meeting of all consumers of the West Texas Gas Company is announced for tonight (Thursday) in the district court room at the courthouse. The meeting will begin promptly at 7:30 o'clock, Mayor C. R. Burrow announced yesterday.

The meeting is called for the purpose of a general discussion of the new optional rate contract offered to patrons of the West Texas Gas Company. The plan was presented to the City Commission about two months ago and was recently approved. It went into effect two weeks ago.

Melvin Eastwood Given 2-Year Pen Sentence Tuesday

Appearing before Judge Henry S. Bishop in a special session of the 47th District Court Tuesday afternoon, Melvin Eastwood plead guilty to charges of automobile theft. After jury trial had been waived, Judge Bishop heard the case and assessed a sentence of 2 years in the state penitentiary.

A suspended sentence of 5 years on the charges of burglary was automatically revoked and the 5 year suspended sentence changed to a sentence of 5 years in the penitentiary. The law requires the revoking of a suspended sentence upon a second conviction.

Eastwood, together with two other local boys was indicted by the grand jury on the two charges during the August term of court. The charge of burglary was tried at the time. The charge of the theft of a car belonging to Henry Bradford was continued.

Judge Bishop rendered a judgment for the plaintiff in the case of Mrs. Mamie Kuehn vs. Mike Allred, tried several weeks ago before Bishop and without jury. He handed down the decision Tuesday. The case involved the possession of some land in the southeast part of the county and had incurred considerable litigation.

MISS SWISHER WILL DIRECT HEREFORD'S NEW CHORUS

Under the direction of Miss Mattie Mae Swisher, citizens of Hereford have organized a civic chorus. Leaders in organizing the chorus in Hereford were Rev. W. M. Griffin, Mrs. A. C. Hales and Mrs. A. O. Thompson.

It is planned to present Handel's "Messiah" sometime during the holiday season. The Hereford organization will join in the Panhandle chorus to be heard in Amarillo, December 16.

Homer Mulkey, owner of a theatre in Clarendon was in Canyon Tuesday night.

County Dads Urge Continuation For Cattle Purchases

The County Commissioners this week joined County Agent W. H. Upchurch in sending a telegram to state officials in charge of the government cattle purchasing program. It was urged that Randall county be given additional allotments in the purchase of cattle due to the seriousness of the drouth, and the feed and pasture conditions in this section.

No response had been received yesterday.

The final order for the purchase of 500 head of cattle in the county went ahead this week and quota will be easily filled.

Eagles to Battle Farwell Gridders Saturday Night

The Canyon High School Eagles in the second home game of the season will meet the Farwell High School Steers in what promises to be a real gridiron battle at Buffalo Stadium Saturday night.

Fresh from the 19-0 victory over the Groom team of last Friday night, the squad of Coach Cleve Jones has been going through the paces this week in preparation of the Saturday night affair with Farwell.

The Eagles opened the season with a victory over Dumas and lost the second game by a close margin of 6 to 0 to the Panhandle Panthers. Both games were played away from home.

The demonstration of fighting spirit shown by the Eagles last Friday night came as a distinct surprise to the home fans who had not seen the Eagles in action.

Saturday night's game will be called at 8 o'clock.

Suicide Victim Buried Saturday, No Services

In the quietness of a late fall evening, as the sun was slowly sinking in the West,—without the kind words from the lips of a minister, eulogizing the good which might have been in his life—without the care and watchfulness of kindred, with tears rolling down their faces—with no one to place in tender memory, a flower on the mound of sod, although thousands had passed to view him in cold death—void of any services, the body of one Lee Zirkle, victim of a self-inflicted gun shot, was buried in Dreamland Cemetery last Saturday.

Without ceremony four men quietly placed into the grave the earthly remains of a man, whose cause of action was recorded as a mystery, and his full identity still unknown.

Found dying Sunday afternoon, September 30, as he lay on the roadside with a gun-shot wound in the left side of his body, the man about 40, was identified by finger prints as Lee Zirkle.

J. Edgar Hoover, Department of Justice chief, last Thursday night wired Sheriff R. N. Barnett that the finger prints of the man which had been sent to Washington earlier in the week, checked with those of one Lee Zirkle. When found, 6 miles south of town, all means of identification had been erased, and finger prints were taken in an effort to obtain his identity and locate relatives.

In the wire to the sheriff, Hoover said the finger prints sent to Washington were the same as the ones of a man who gave his name to be Lee Zirkle when arrested in Austin several weeks ago. He was also arrested and finger printed in Denver in 1927. The three sets of finger prints were identical. His last known address was Fort Worth.

Efforts of Fort Worth police to locate anyone by that name failed. Late Friday, people by the name of Zirkle were located in Dallas, but they knew of no relatives by the name of Lee, nor any who fitted the physical description of the man whose body had been at the Griggs-Thompson Funeral Home for nearly a week.

When all efforts failed to locate relatives of the man, county officials ordered Griggs-Thompson to bury the body.

SNIDER FARM WEST OF CANYON BOUGHT BY ZACHRY

E. N. Zachry and family of near Happy are now located on the S. M. Snider place west of Canyon. Mr. Zachry recently purchased the Snider place when Mr. and Mrs. Snider sold out before leaving for Oregon. They moved here to place their children in school.

Buffs Journey To Roswell For Game Saturday

Fresh from their victory over the highly touted Texas School of Mines football team, the elated West Texas Buffaloes will take their first road trip of the season when they leave next Friday morning for a joust with the Broncos of New Mexico Military Institute at Roswell.

TECH FRESHMEN HERE FOR GAME UNDER LIGHTS FRI.

While the Buffaloes are on a week-end trip to Roswell to meet the New Mexico Military Institute team, the Freshmen will be busy Friday night entertaining the Texas Tech Freshmen from Lubbock.

The W. T. Fish lost to the Amarillo High School team last Saturday afternoon on Butler Field, but have been revamped in preparation of the coming game for Friday night.

The Tech-W. T. Freshmen game is scheduled for 8 o'clock.

Admission will be 25 and 40 cents. Students may use blanket tax.

Texas Utilities Begins Better Light Campaign

The Texas Utilities Company, through its local offices in this section of the Panhandle, is conducting an educational campaign using as its slogan, "Better Light, Better Sight."

A series of newspaper advertisements stressing the various phases of the campaign will be used in newspapers. In addition a number of booklets, dealing with the scientific study of the eyes and effects of light are being distributed.

The booklet "Old Eyes in Young People," has been prepared by a nationally known leading eye specialist. It reveals that the eyes record 87 percent of all impressions.

The campaign is designed to encourage the better use of light to save destruction of the eyes by improper use and glare from lights now in use. It also shows how best results may be obtained with the elimination of eye strain.

Invite Citizens to Attend Jubilee

Citizens of Canyon have been invited to attend as many of the programs and activities of the Silver Anniversary Celebration and Home-Coming at the College next week as it will be possible.

Although not in the fom of an official proclamation, Mayor C. R. Burrow has issued a request that all business firms which can reasonably do so to close from 2 to 4 p. m. Friday afternoon and from 10 until 11:30 Saturday morning. Those firms which cannot reasonably close their places of business are requested to allow as many of their employees to attend as it will be possible.

Wheat Officials Praise Work Of Local Association

H. E. Schwartz, a Washington representative from the Wheat section of the AAA was in Canyon last week and went over the work of the county wheat production control association.

Accompanying Schwartz, was an auditor for the local expense accounts of the wheat association. He inspected the books and expense accounts of the association while here.

The two Washington men were high in their praise of the fine work and the way in which it had been conducted in this county. All records were given an A-1 rating by both Schwartz and the auditor.

Swartz stated that the wheat contract compliance papers which were recently sent to Washington were the first papers from any Texas county to pass the auditing department of the wheat section of the AAA.

Government To Complete Buying Sheep This Week

The quota for the purchase of 5,000 sheep in Randall county by the government, will be completed this week, W. H. Uuchurch, county agent, said yesterday.

Randall's quota was originally prorated at the rate of about 900 head a week, when the program started in the county two weeks ago. However, owing to the need in other counties for the services of the men in charge here, an order was received several days ago to purchase the full allotment as quickly as possible.

Upchurch states that all listings of sheep in the county which were made in time will be disposed of through the purchases this week.

Lady Envoy Does Her Christmas Shopping Before Season's Rush

Ambassador Ruth Bryan Owen, who will speak at the College Silver Jubilee celebration next week, will have some of her holiday season worries out of the way when she reaches Canyon.

She has already completed a part of her Christmas shopping!

Reaching the United State for her first visit home since she went to Denmark as America's first lady envoy to another nation, Mrs. Owen, passing the line of photographers and reporters at the ship docks, rushed to the shopping center of metropolitan New York to do some early Christmas shopping.

This was necessary, she said, in order that the Yuletide gifts and greetings of the season would be carried on the last boat to leave in time for the gifts to reach the hospitable folk who recently entertained her.

A silver cup for the Eskimo baby named Ruth in her honor; candy for the children in the sanitarium; some phonograph records of favorite American artists for the benevolent Danish doctor who loves his music; games for the five little boys of a pastor to play in the long Arctic Winter. . . .

So ran her shopping list. And after icy summer months, Minister Owen found it easy to put the correct spirit into the off-season occasion.

Visiting the Century of Progress in Chicago last week, the lady ambassador, daughter of the great commoner, the late William Jennings Bryan, received the second signal honor of a seventeen-gun salute as she entered the fair grounds. Secretary of Labor Frances Perkins, cabinet member, is the only other lady Fair visitor to get the salute.

Since she has been in Denmark she has visited 14 of Greenland's 17 settlements, wearing Greenland-

PANHANDLE MEMBER 1933 PRESS ASSOCIATION

Next week is the Silver Jubilee celebration of the 25th anniversary of the foudning of the West Texas State Teachers College. It is a matter that should get the attention and support of every Canyon citizen.

A clean-up campaign for the town was started several weeks ago, in preparation of the celebration and the homecoming of ex-students of the institution. For some reason or other the campaign was not carried to completion by the citizens who should accept the responsibility of cleaning their own premises.

This week an urgent appeal is made to Canyon people, by Mayor C. R. Burrow and President J. A. Hill, that every effort possible be put forth in cleaning up Canyon.

Let all of us join in response to the appeals and present to the 5,000 visitors expected for the two-day celebration, a clean and attractive little city.

To do this will only require the efforts of individuals taking care of their own places.

This week is fire prevention week and can well be joined with the clean-up campaign. By a thorough clean-up of Canyon a number of fire hazards now existing will be removed and make property safer against disasterous fires.

Citizens of Canyon may well look into the elimination of fire hazards within the city limits.

The removal of the hazards and the lessening of costly fires, will repay Canyon in lower fire insurance rates.

Nearly all the colleges, both state and denominational, are showing a marked increase this fall in the number of pupils registering. Our West Texas Schools are no exception to the rule. Although the South Plains section and all West Texas have been hard hit this year by drouth, the Texas Technological College is opening this week with record enrollment. In spite of the fact that the north plains have been in the throes of an almost unprecedented drouth for the past three years, the West Texas State Teachers College at Canyon opened last week with an increase in enrollment of 13 per cent over last year, and it has had a steady increase for the past three years. Wayland College at Plainview and the three denominational colleges at Abilene have each likewise opened with increases in attendance. It all shows a healthy interest in education and augurs well for the future of Texas. If any politician at Austin should raise his hand or his voice to strike down or cripple any of these institutions, may his arm be paralyzed and may his tongue cleave to the roof of his mouth.

It's better to be lied about than to lie about somebody else.

Rockne's Influence Lingers on American Gridirons . . . Unlucky Senators, Lucky Cronin . . . Ruth Has Job

Melinkovich, Bonar, Pilney, and Elser (from left to right), sterling Notre Dame backfield and team nucleus, are pictured above charging down the field. Happy, despite a tough, jinx-ridden season, Joe Cronin, manager of the Washington Senators, is shown at right with his bride.

BY PHILIP MARTIN

KNUTE ROCKNE, master grid strategist, may have shuffled off this mortal coil, but his system marches on. The unorthodox tactics which hurled Notre Dame into the national limelight during the Reign of Rockne, are today appearing with increasing frequency on American gridirons.

True, Coach Jim Crowley of Fordham, a past protege of Knute's, is reported to be veering away from the theories of his revered tutor. But other schools which have adopted the Notre Dame system this year, or retained it while changing coaches, include Texas, Kentucky, North Carolina State, New Mexico State, Duquesne, Alabama Poly, and a raft of smaller institutions.

The basis of the Rockne system is the balanced line; seven men, three on each side of the center. The use of small, fast linemen instead of the bulky type, perfectly timed blocking, deception, and the backfield hop were other of the Norwegian master mind's innovations.

Rockne teams were like fine watches; the slightest fault, and the movement failed. Each part of a plan was mechanized to dovetail with another.

Notre Dame, of course, continues to employ the technique of its one-time idol. Lacking his blazing, dynamic personality, Irish teams have not been meeting with the success that was theirs during the Rockne era. Nevertheless, the Ramblers expect to do considerable rambling this year under their new mentor, Elmer Layden.

One of the original Four Horsemen, Layden is expected to restore a lot of its former football prestige to Notre Dame during the coming months. Football fans the nation over are following the fortunes of the new Irish team, built about a nucleus of four backfield stars: Melinkovich, Bonar, Pilney, and Elser.

And wherever the Irish play, there will be present the specter of a famed Norwegian, watching the application of his theories by one of his favorite pupils.

"UNLUCKY in baseball, lucky in love" — that's the way that proverb should read, Manager Joe Cronin of the Washington Senators believes. After a nightmare of a season in which his jinxed team rolled up a casualty list resembling a Fourth of July traffic toll, consolation has come to Joe in the form of a pretty bride, Mildred Robertson by name.

And, what's more, she's the boss' daughter. Or, rather, she's the adopted daughter and niece of Clark Griffith, owner of the Senators.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 8, 1909)

The largest crowd ever attending a meeting of the Commercial Club was present at the meeting last Tuesday afternoon. Hon. John Marshall, a member of the college locating committee, of Whitesboro was the principal speaker.

Committees appointed were: Membership, Judge C. T. Word, Oscar Hunt and W. W. Allison. Internal Improvements, C. T. Word, L. T. Lester and R. W. O'Keefe. Publicity, L. E. Cowling, C. R. Burrow, and C. V. Wooley. General Welfare, J. C. Hunt, S. L. Ingham and D. A. Park.

The first part of this week work was started on a new hotel, the lobby of which will be in the Joe Garrison building and the rooms 40 in number, will be placed over Thomas Bros. furniture, and the Leader stores.

Wesley was right in for the sport, but he goes at too fast a clip for me. He drives like the wind, but is a pretty safe driver, even if he does throw a scare into you about every minute or two.

Plans To Accomodate Guests Made

Dr. Harris M. Cook and Mr. S. H. Condron made a trip to Amarillo and interviewed the proprietors of the Amarillo Hotel, the Herring Hotel, the Capitol and Palo Duro Hotels in an effort to get reduced rates for the ex-students who will be here for Home-Coming and the 25th Anniversary. The Palo Duro has already agreed to this plan, but the others have not been heard from as yet.

Canyon Accomodations

A number of places in Canyon are available for rent and many people have written to friends inviting them to their homes to stay during the celebration.

The Homes Committee, composed of Dr. Harris M. Cook, chairman, S. H. Condron, W. L. Vaughan, Mrs. Geraldine Green, and Miss Mary Moss Richardson, sincerely appreciates the interest shown and the response given by the people of Canyon in attempting to care for the returning exes.

YEARLINGS LOST GAME TO AMARILLO HIGH SCHOOL TEAM

Will... Play... Texas... Tech ... Freshmen Friday Night

Somewhat chagrined after failing to show up as they had expected against the Amarillo High School team, the West Texas Freshmen are settling down for a week of real hard work in preparation for their meeting a much stronger foe, the Texas Tech Freshmen, Friday night under the lights.

Tech Has Host of Men

Texas Tech always has a host of men to pick from and will probably bring three or four teams to use against the Yearlings. Last year they defeated the State-Champion Amarillo Junior College Badger team, and although the team is made up of different players this year, it is rated at about on a par with the Picadors of last year.

Changes in Lineup

Several changes will probably be made in the Freshman lineup for this week. Just what the changes will be depends a lot on the results of scrimmages this week, but many new faces will probably turn up in the starting eleven.

Elliston Returns

Scoop Elliston's return to the lineup will add greatly to the Yearling's chances against the Picadors. Elliston sprained an ankle so badly the day before the Sandie game that he was unable to play. Elliston is without doubt the best end on the Freshman squad, and he will strengthen the line considerably.

Critics are not conceding the Frosh much chance of defeating the Lubbock team; however, it might be remembered (though not necessarily) that the varsity got off to a bad start, and the Fish are following in their footsteps. Now would be a good time for the Freshman team to follow the example set by the varsity in the El Paso game.

One thing sure, though, is that the Fish will be fighting harder, and working together more than they were in their first game.

The game is scheduled for eight o'clock. The prices of admission are adults 40c and children 25c. Students will be admitted on their activity tickets.

Three Extension Classes Offered By W. T. Faculty

Three extension classes taught by W. T. faculty members have been established, one in Pampa, one in Amarillo, and one in Hereford; and plans for additional classes to be worked up in the future are being made.

A class in government taught by Mr. S. H. Condron, has been started in Amarillo. The course offered deals with problems of government. No text is used, but articles from current magazines and newspapers are used as a basis for a forum discussion of present-day problems of government.

The class is a cosmopolitan group consisting of business men, teachers, ministers, and club women. Twenty-four are enrolled in the class, and Mr. Condron reports that the group is interested and active, and that much constructive thinking is expected.

Two classes in problems of curriculum construction in Elementary Education are being offered, one in Pampa, and the other in Hereford. There are twenty enrolled in the class in Hereford taught by Dr. Meyer, and thirty enrolled in Dr. Jarrett's class in Pampa.

These classes are composed not only of local teachers, but also teachers from surrounding rural districts.

Extension classes meet once a week for two hours and a half, at which time assignments are made and work for the coming week planned.

It is hoped that new classes may be started in Plainview, Amarillo, Clarendon, Memphis, and Childress. The number of classes and the courses offered will depend entirely upon the demand.

Extension work this year compares favorably with that of other years. Much interest is being shown in the work, and if new classes are formed, the work will be much greater than it has been in previous years.

Band Plans For Coming Winter

Band Will Play For Home Coming Program

The West Texas State Teachers College Band has big plans for the coming winter, and all indications are that they will be fulfilled. One of the outstanding events in which the band will participate is the Home-Coming for all ex-students. A number of old members who have been in this musical organization in previous years will be here to participate in musical programs on this occasion. Estimates are that there will be fifty pieces in the band at the reunion.

Although relatively small at this time, the band hopes to have more and better numbers by next spring than it has ever had prepared before in that length of time. At present, there are eight clarinets, four alto horns, five trombones, five saxophones, two baritones, three basses, two drummers, and four cornets. There are more members needed in practically every section.

To Play Concert Music Is Main Objective

The main objective of the band is to play concert music. Everyone is industriously striving to attain this end. At present, Mr. C. E. Strain and his members are working on a group of new band marches which undoubtedly will be appreciated by the audiences.

The band is endeavoring to become recognized as the most accomplished organization of its kind in West Texas.

Wives Of Former Faculty Members Expected Here

Mrs. F. P. Guenther, wife of the man in whose memory the fountain south of the Administration Building was erected, will return to W. T. for Home-Coming on October 19th and 20th. Mrs. Guenther is living with her daughter, Mrs. Albert Word, the former Annadel Guenther, who lives in Santa Fe, New Mexico.

Mrs. B. A. Stafford of Denver, Colorado, wife of the former B. A. Stafford, is planning to return to W. T. on Home-Coming. She is living with her daughter, Mrs. Ara Virginia Spencer, who is an ex-student of this school.

Also Mrs. Marion Witt, former matron at Cousins Hall, will be a guest at W. T. on Home-Coming. Mrs. Witt, of McGregor, has been spending the last year in New York with her daughter, Dr. Marion Witt, who was formerly a member of the college faculty.

Simple Lines Feature Current Models

IN NEWEST OFFERINGS, MILADY HAS CHOICE OF PRACTICAL MORNING DRESS AND TWO CHIC EVERYDAY FROCKS

NO. 305 NO. 148 NO. 308

TWO frocks that possess simple lines, yet are charming and "different" and that adopt themselves to many functions; and a practical frock that lightens those household chores, are pictured above in current offerings.

With lines of the blouse and skirt ending in crisp pleats, the attractive morning dress illustrated as Pattern 305, fashioned in linen, seersucker, or a warmer fabric, is excellent for indoor wear. The designs may be had in sizes 14 to 20 and 32 to 42. Size 18 calls for 4¼ yards of 39-inch fabric.

A splendid dress for morning wear is that indicated as Pattern 148. Easily made and ultra-comfortable, it holds unusual appeal for the discerning housewife. Available in sizes 38, 40, 42, 44, 46, 48, 50 and 52, size 46 requires 3⅝ yards of 35-inch material, plus 5¼ yards of 1½-inch bias binding. Linen, cotton print, tub silk, or voile are alternate materials for this charming frock.

A study in colorful contrasts is the serene and dignified frock, Pattern 308. It can be made easily in your favorite fabric and hue. Ideal for the stouter types, this charming model is available in sizes 36 to 52. Size 44 needs 2⅞ yards of 39-inch fabric with 1⅜ yards contrast.

Student Council Members Elected

Thomas And Brown Are Chosen From Student Body

Not all of the members of the student council have been elected from the student body at large and from each of the four classes. Due to the fact that there was no quorum of the entire student body present at the meeting held in the auditorium Wednesday morning at chapel hour, another election was held Saturday at the same hour. Yvonne Thomas was elected by acclamation. Noel Woodley, Hosea Foster, Gerald Brown and John Blaine were the nominations for the boy representative of the student body. A close race was run with Gerald Brown in the lead. The votes were well distributed between the nominees.

Classes Elect Members

J. C. Line and Elizabeth Jameson were elected from the senior class. Marvin Callahan and Wilma Jo Jones were chosen from the sophomore class. The freshman have chosen only one of their representatives, Frankie Dodson. The representatives of the junior class have not yet been chosen.

NOW WE CAN *Both* SEE!

THIS wise father has put his reading lamp to double use. He found that when both he and his son shared the same light, neither one could really see properly. So here's what he did; He bought a floor lamp equipped with an indirect lighting reflector. In the sockets under the shade he put 60 watt Mazda Lamps for reading. In the reflector at the top he inserted a 300 watt Mazda Lamp.

Now they can both see. Dad can place the lamp wherever he wants it without robbing the boy of the light he needs. And both have the right kind of light, which is more important.

Ten Local Firms Join Texas Good Road Association

Ten Canyon business firms and individuals Tuesday afternoon took membership in the Texas Good Roads Association. John Saewester, a representative of the association with offices in Lubbock was in Canyon Tuesday seeking memberships in the road organization.

Saewester spoke briefly at the Rotary Club and told of the work the association was doing. He cited several instances where highway traffic was being routed away from this section of the state because of the gaps in the highway system in the Panhandle. He stated that the organization was definately pledged for actual support of assisting the Panhandle to complete the road gaps in the cardinal highways.

During his visit in Canyon, Saewester was high in his praise of the Palo Duro State Park as a scenic attraction for this section. He stated that it was his belief that the park would be the chief drawing card for tourists to this part of the state in a few years. He said that with a completed highway system the traffic in this section would be doubled in a season or two.

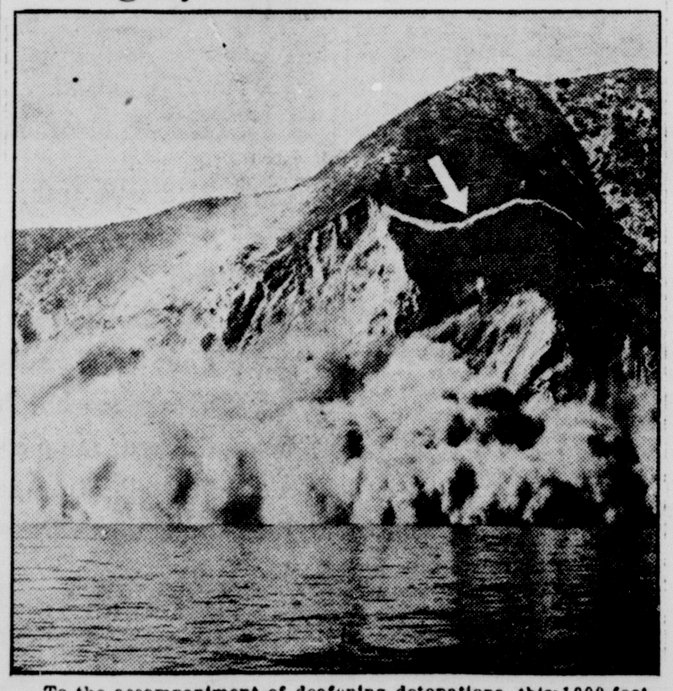
Mighty Blast Crumbles Bluff



To the accompaniment of deafening detonations, this 1000-foot mountain on Catalina Island split and crumbled at the water's edge, providing 2,000,000 tons of rock for a breakwater off Long Beach—to create a harborage for Uncle Sam's fleet. Fifty tons of black powder and dynamite were used in the blasting. In this picture, the mountain is shown splitting halfway up its side, at the point indicated by arrow

State Relief To Cut Undeserving From County Rolls

AUSTIN, Oct. 10.—Calling upon county administrators for a complete recheck of relief rolls, State Relief Director Adam R. Johnson declared today that "we must drop from the rolls every case not clearly entitled to relief before winter comes. The exhausted condition of our funds makes it essential that we pare our rolls so that we may adequately care for those in dire need during the winter months."

To county administrators, Johnson quoted the following excerpts from a letter from Harry L. Hopkins, federal emergency relief administrator:

"I know that you will agree that it is imperative that relief rolls in your state be examined at this time to remove therefrom any persons not actually in need. A complete recheck of your relief families is possible now, and it should be made before entering upon the heavier period of the late fall and winter. I will appreciate your cooperation in having this review made at this time.

"There have been some reports to reach this office which would indicate that a few families are receiving relief wherein the head of the family is employed on full time. I wish to advise you that it is contrary to our policq to supplement the wages of full time employes with relief funds."

In line with this communication, Johnson instructed administrators to "scrutinize relief rolls most carefully, reinvestigate where possible, and weed out all of those ineligible. Some counties in this respect are in excellent shape, but there are a number where the relief load is out of proportion, and immediate steps must be taken to cut the load in these counties. Administrators can ascertain whether the load is out of line by comparing it with the population of their counties."

The state director also sent a questionnaire to counties seeking to determine the number of families and indivirduals removed from rolls due to placement of workers in cotton fields.

Jonhson said he was interested to know whether farmers had had difficulty in obtaining cotton pickers. He asserted protests had reached Washington that clients will not leave the relief rolls and go to the cotton fields.

"If that's true, it's a grievous situation and we intend to remedy it. Our relief program was not intended for people who shirk opportunities to make an honest living and we won't stand for such individuals attaching themselves to our relief rolls and chiseling their way into a portion of the funds rightfully intended for honest unfortunates," Johnson declared.

"I already have caused to be inserted in the newspapers of the state an advertisement wherein it was explained that clients refusing to accept jobs at the prevailing wage scale were to be summarily dropped from relief rolls. That message was intended for the entire citizenship of Texas. It is up to our citizenship to report to the administrator persons who refuse to work. Clients must accept jobs. If the job is temporary, we'll take them back on the rolls when it ends."

Johnson announced that the case load for October, as estimated by county administrators, is 267,321, about 2,000 more than the September load but nearly 23,000 less than the forecast presented in a brief to the legislature. This, he attributed to efforts to reduce the load. The director said he was gratified at the reduction but that it is not enough.

This represents a case load 8 per cent lower than our forecast of a month ago, but, whereas, we figured we needed $4,600,000 to care for them, we now can't hope to get more than $3,600,000, a reduction of 23 per cent in funds. We are budgeted by law to spend not more than $1,000,000 of state funds in October, November and December. We can expect no more than a similar amount from the federal government during these months on a basis of a dollar for dollar matching agreement. We never know for sure how much we will receive from national authorties for special programs. We must therefore be most judicious in admitting clients to relief rolls, and I wish particularly to call to attention of administrators the section of the relief law passed by the last called session of the legislature, which makes it a felony punishable by imprisonment of from 2 to 5 years for persons found guilty of false swearing to gain the status of a relief roll client."

Mrs. A. B. Duncan returned Monday from an extended visit with relatives and friends in Olton, Graham and Floydada. Her mother, Mrs. J. E. Courtney, who has been visiting here for the past few weeks, made the trip with her, and stopped off at her home in Floydada on the return trip.

County Prisoner Trying to Escape Breaks Ankles

In a daring daylight break from the Potter County jail Sunday morning, Hester "Red" French, convicted and sentenced to a three-year term in the penitentiary during the August term of District Court here, broke both ankles. Four other prisoners, two considered "desperate," escaped, and none have been captured.

French was indicted by the grand jury and convicted upon trial during the August term for burglary of a house in South Amarillo.

His ankles were broken when he dropped from the seventh to the sixth floor of the Potter county court house. The jail is located on the seventh and eighth floors of the court house.

According to U. S. Department of Justice records in the Amarillo sheriff's office, French has a previous criminal record. He was being held in Amarillo on a justice court charge of burglary pending the action of the Potter county grand jury.

"Zephyr" Train Passes Through Canyon Friday

The "Zephyr," streamlined speed demon of the Burlington Lines, passed through Canyon Friday afternoon on its way to Amarillo for a public showing.

Although invited by Mayor C. R. Burrow and other Canyon citizens to stop the train for a brief time, the Burlington officials passed through.

The train was on public exhibition for several hours Saturday and was carried down the Fort Worth and Denver to Dallas, stopping at points along the way.

The "Zephyr" was on its way back from the Pacific coast where it was taken several weeks ago to be used in the production of a motion picture.

This summer will long be remembered for the strenuous competition that has been going on among thermometers. — Toledo Blade.

Highway Problems Discussed by Road Assn. Man Tuesday

John Saewester, a representative of the Texas Good Roads Association, was the speaker at the Rotary Club Tuesday. He told Rotarians of the work of the association during the past few years. The association is vitally interested in assisting the completion of the highway system of the Panhandle and the closing of the gaps in the main highways in this section of the state.

Recent reports issued by the State Comptroller credits the Texas Good Roads Association with assisting the comptroller in collecting $4,000,000 in extra taxes from "bootleg" gasoline dealers last year. State Senator Clint C. Small in a statement made several months ago said that the association was an instrumental organization in assisting the lawmakers to pass proper legislation. The association is opposed to any further diversion of the gasoline taxes.

Mrs. Lee Foster and Miss Irene Angel, members of the high school faculty, furnished entertainment for Tuesday's program. Mrs. Foster was heard in several piano selections and Miss Angel gave two readings.

Bill Smith was appointed as chairman of a committee to arrange a stunt for the Rotary Club to be presented at the P. T. A. Carnival planned for the last of the month.

Joe Hill called attention to the fact that the clean-up campaign begun several weeks ago had not been as complete as it had been hoped. He urged that the citizens join in giving Canyon its best appearance for the college homecoming and Silver Jubilee Celebration. He stated that between 4,000 and 5,000 visitors were expected here for the two-day program.

Several counties will dismiss their schools in order that the teachers, the most of whom are ex-students of the College, may attend the celebration. Hill urged that Canyon people attend as many phases of the celebration as possible, particularly on Friday, October 19.

Visiting rotarians Tuesday were: W. A. McIntosh, J. H. Florey, Amarillo; and P. C. Aulbrook, Little Rock, Ark. Visitors were F. H. Oberthier, Hereford, John Saewester, Lubbock, Mrs. Foster and Miss Angel.

Amarillo Man Killed in Car Wreck Friday

J. E. Moore, 29, train conductor of Amarillo was killed when his car overturned on the Palisades road in the north part of the county, Friday afternoon, 7 miles south of Amarillo.

The accident occurred when the small car driven by him hit a soft shoulder of the road, overturning and throwing Moore against a fence post at the side of the road, crushing his chest and injuring his head.

Geo. F. L. Bishop of Canyon was an eye-witness to the accident, as Moore had just passed Bishop's care.

Moore was survived by his wife, parents, two brothers and three sisters.

Miss Mary Orton, who is teaching near Childress, was home for this week end.

Umbarger Items

The Umbarger 4-H Club held its regular meeting on Wednesday, Oct. 3, in the school house. There were twelve out of the fifteen members present at the meeting. Miss Bass told us what to have in our club boxes for the next meeting. We are to have a pajama pattern and goods for sleeeping or lounging pajamas. The next meeting will be held October 24th.

Mrs. Fritz Friemel is slowly on the mend and expects to return home in a week or so.

A party was given in Nazareth Sunday evening to honor the bride-to-be, Miss Phyllis Richwartz. The Podzemny family were all among the guests.

Among the Sunday visitors at the different homes were the following: Gene and Paul Cook at Ernest Frank's. The Clarence Beckmans at the Tucek's. Harold Beckman at Alois Fremel's. Marcella Batenhorst at Clara Wieck's. Rudolph Friemel at Harvey Artho's Regina Hollenstein at Pauline Friemel's.

Among the visitors in Amarillo Sunday were: Mr. Pitt, Tenoch Ramon, Mr. Bedenk, and the Fishbacker family.

The children are eagerly looking forward to the setting up on the school grounds of the new merry-go-round. We anticipate many happy rides on it.

The Pitt family are moving into Canyon. We regret losing Lola, Margaret, and Leroy from our school, but wish them success in Canyon.

Palo Duro Peeps

Mrs. McClendon visited Mrs. E. A. Michael Sunday afternoon.

Bill Grey of Fort Sill, Okla. is visiting his sister, Mrs. Sherman Campbell.

Mrs. G. H. Leseberg entertained the Palo Duro Club Wednesday afternoon.

A birthday dinner honoring B. S. Campbell was given by Mrs. Campbell Sunday. Those present were: O. D. Bragg and family, Mr. and Mrs. R. H. Campbell and daughter, and Mr. and Mrs. Oscar Bragg and daughter.

Rev. and Mrs. H. K. Freking and family, Mrs. Mary Leopold, and Miss Ella Dohrman of Amarillo were guests in the home of Mrs. Pauline Wendelken, Sunday evening.

Mrs. Sherman Campbell and children spent Tuesday night in the R. H. Campbell home.

Hereford Park Barracks Now In Use By CCC

New winter barracks have been constructed and are now in use by CCC Company 1862, located on the state park site near Hereford.

The company which was organized at the Palo Duro Park in the summer has been in tents since they moved to the Hereford park and have been in tents until the barracks were completed last week.

Ovens and barbecue pits, made of natural rock, have been constructed for use of campers and picnic parties.

A larg pool is being dug in the park, and roads through it are under construction. Company 1862 has a present strength of 189 men.

Mrs. Cora Kirkpatrick underwent a major operation Saturday at the North West Texas Hospital. She is reported to be doing nicely.

Miss Oressa Hastings left Thursday of last week for Booker, where she has been elected to teach English and Latin in the Booker Public Schools. Miss Hastings was enrolled in the College and has been doing part time work in the County Judge's office since Sept. 1. She taught the Wilson school west of town last year.

John Schramm left Tuesday for a deer hunt with Mr. and Mrs. Earl Crist of Amarillo. They will hunt near Flagstaff, Arizona.

Howdy everbudy!

I wuz over ta Amarylla las week an' as I wuz a passin' by th' Parrymunt pitcher show I nuticed a pitcher uv Mae West, so I sez ta myself I sez, "I reckon I better go in an' see ol' Mae," so I snuck in an' belive me, I lak ta got lost in thet elabrate thing.

I hear th' kids in th' Senior English Class are writtin' some autobiogifries er sumpin' lak that. Th' best I c'n figger out is thet they're gonna writ em an' put em in a book an' paste some pitchers uv therselves in em. Anyway, I heard Irene Thompson say thet she didn't wanta put no pitchers uv her in her book cause her baby pitchers wuz ugly. She sed they didn't look lak her. Then Mary May ups and sez, "Mother sed I was an awful purty baby, and I hedn't changed one bit."

They hed a interustin' chapel program las Thursday. Th' new Student Council President, Pee Wee Lowe, tuk charge uv th' program. Our ol' ex-Eagle Jonnie Wilson wuz there in person. I herd him say pusonally that he'd lak ta be playin' with th' Eagles this year.

I'm so proud fer you Eagle boys beatin' Groom. Thet wuz sutinely a fine game, if ya ask me. All th' time I knew thet we hed a good football team. Those pep squads did some fair yellin', too.

You Eagle boys better train lak you've never trained before, 'cause I heard thet Farwell team wuz a goodun. I know ya' can beat em boys, an' I'm bettin' on ya!

JUNIOR CLASS WINS MOVIE TICKET SALE

6A WINS IN GRADE SCHOOL; SALE EXCEED HIGH SCHOOL

The Junior Class and 6A won the recent show ticket sale contest sponsored by the Senior class. The picture, "Little Miss Marker," starring Shirley Temple, fan Sunday and Monday at the Olympic Theatre.

The sale in the grade school far exceeded that in the high school, with 6A selling over half the number sold in the grade building. This class will be awarded a cash prize.

The Junior class was a close race in the high school.

It is probable that the proceeds from this show will bring the Senior class over $20.00.

Girl Scouts Meet First Time, Oct. 3

Two groups of Girl Scouts of Canyon Public Schools met Wednesday afternoon, October 3, for the first time since last spring, in the high school gymnasium.

The high school group, Thistle Troop No. 1, met from 3 to 4 o'clock; 14 scouts were present. After singing four songs, Miss Lois Goodrich, the captain, read from the American Girl an article on Juliette Low, the founder of Girl Scouts in America. As October 31 is Mrs. Low's birthday, the week October 28 to November 3, has been set aside as Girl Scout week in memory of her. Plans were discussed for an assembly program, during the latter part of October.

Twenty grade school Scouts, Thistle Troop No. 2, met in the gymnasium at 4 o'clock. Games were played. Miss Goodrich taught the scouts songs. Discussion was then had on what there is to scout work, and plans were made for passing tenderfoot and second class tests.

DRAMATIC CLUB COMMITTEES APPOINTED, AIMS DISCUSSED

A rules committee and a program committee were appointed at the Dramatic Club meeting Tuesday, October 2, in the high school auditorium.

The aims of the club were discussed, and Miss Angel gave a pantomime. The members of the club are required to give a pantomime next club meeting on October 9.

Make-up, Make-ups And More Make-up

"I hear they have 'made up,'" quoth a blithe C. H. S. gossiper. Daily such sayings as, "Let me borrow some of your make-up," and "Have you got your make up slip in yet " are heard.

There are three types of "make-up" prevalent in the halls and on the campus of Canyon High School. The most noticeable one is the cosmetics used by the girls. By noon, the girls look rather wilted, and after lunch they look very fresh, the most recent "make up" application being exhibited for the first time during lunch period. But by 4 o'clock, my! you should see the girls! The powder is gone; rouge has disappeared; a tint rim of pale lipstick is found around the edge of chapped lips, and eyebrow paint is gone from the pretty eyebrows of the girls.

Another bad case of "make-up" is that of those terrible "make-up" slips. Those slips cause a great deal of worry and excitement to those who happen to have one, or maybe two. And, say, did you notice those boys and girls who are in room 13, each afternoon? They have to remain in because they have to make up the time lost by being late.

Of course, Canyon High School has couples who have that "spring fever" in October. But, ever so often these couples "bust-up" and have to "make-up" to keep their "rep" for never fussing! Oh, this "make-up" stuff, all three kinds!

All Grade Faculty Buys Tickets For Loyalty Campaign

The entire Grade School faculty has voluntarily bought season football tickets to the games this season.

In previous years, the Grade School faculty has been asked to buy activity tickets, but because of the time of the games, they have been unable to attend. This year four of the five home games are at night, and the faculty is backing the team 100 per cent.

The following C. H. S. teachers also bought season football tickets: Misses Grace Clark, Mattie Jordan, Jewell Foster, Lois Goodrich, Irene Angel, Fannie Sue Brasuel, Mrs. Lee Foster and Messrs. Cleveland Jones, I. B. Carruth, and J. B. Pope.

Those who bought $1.50 tickets are Mesdames R. E. Ball, Elzie Price, I. B. Carruth, Ray Campbell, Clarence Thompson, T. C. Thompson, and Messrs Patsy Britain, Lee Foster, Claude Moore, Temple Nelson, Burney Slack, and Drs. S. L. Ingham and R. A. Neblett.

We'll see you at the games backing the Eagles 100 per cent.

Meet the Librarian

Eleven students are employed in the Canyon High School library this year, to help Miss Mattie Jordan, the head librarian, during the five library periods.

The library is open from 8:30 to 3:10 o'clock. Library work takes in not only the checking in and out of books, but the keeping account of the books and keeping the books on the shelves in correct order. When new books come to the library, the librarians must catalogue them before the books can be checked out.

From 8:30 to 10 o'clock Mary Ella Davis and Neva Lois Miller, with the assistance of Miss Jewell Foster, keep the library; from 10 to 11 o'clock Sarah B. Bourn, Marielle Oldham, and Mary Collins help. Miss Jordan also is in the library this period. The hour just before noon the librarians are Billie Bee Flesher and Polly Little. During the period from 1 to 2 o'clock, Irene Thompson and Edith Steen has charge. For the last period and the ten minutes after school, Chloie Hail and Kate Donnell work in the library.

Ruth McCrerey was in Happy Sunday.

Fire Prevention in Schools Observed By Drills, Posters

All grades from 3A to 7B in the grade school and the four classes in the high school are observing Fire Prevention Week in some manner.

In each home room a fire chief and monitors are being elected in preparation for fire drills during the year for the entire building.

The home rooms in the Grade School are having programs of songs, stories, and poems about fire and fire prevention. A playlet, "Major Fire Destruction," is being presented by 4A under the supervision of Miss Ann Smith.

All the classes are working on posters in English and doing reading on fire prevention in reading

The same organization for fire drills on a larger scale is being made in the high school. All the English classes are writing themes on fire prevention. The Senior English class under Miss Goodrich is writing compositions of all four kinds, including short plays, essays, debates or argumentations, short stories, and fables.

Publications Are Exchanged With Other Schools

The Eagles Tale staff is exchanging the Eagles Tale for papers of various other high schools in Texas. C. W. Warwick is donating The Canyon News for exchange.

The Sagerton Eagle, Sagerton, Texas, is an independent school paper published by the faculty and students of the Sagerton Public School every two weeks. This paper is mimeographed in two columns. The editor in chief is Jack Hale.

The Hesperite, edited by pupils of Floydada High School, Floydada, Texas, occupies seven columns on one page of the Floyd County Hesperian. The editor in chief is Emma Lou Smith.

The Panther Scream, Panhandle High School paper is an independent mimeographed, three column paper, editor of which is Ralph Gentry.

The Cat's Meow, published weekly by students of the Rio Hondo High School, sponsored by the Senior class. Rio Hondo, Texas, is edited by Wayland Waters. This is an independent mimeographed paper.

The Coyote's Howl, published by the Higgins High School in The Higgins News, is printed in three columns. The editors are Gladys Jamison and Verna Harris.

The Whiteface Roundup, news of Hereford High School, is printed in five columns in The Hereford Brand.

The Hi-Standard, La Grange, Texas, is an independent high school paper published semi-monthly and edited by Delwin Koopmann.

The Times, published weekly by the Brackenridge High School, San Antonio, Texas, is an independent printed five column paper. The editor is Valeska McAllister.

Three college papers are received without exchange. The Lass-o is from the Texas State College for Women, College of Industrial Arts, Denton. The Daily Lariat is from Baylor University newspaper, Waco. The Western Graphic, is the official student publication of Colorado Woman's College, Denver, Colorado.

Grade Notes

Seven new pupils entered the grade school last week. They are Willadean Hicks, Roland Hicks, Margaret Hicks, James Risner, Gracie May Hicks, Etta Mae Lindsey and Walter Shuman.

Grade 5B completed its home room organization Wednesday, October 3. The following officers were elected: Doris Marie Ball, presildent; Vera Prichard, vice president; Mattie Ruth Devenport, secretary; Oren McBroom, treasurer; Edith Neff, reporter, and Dean Nicholas, fire monitor.

The program committee for each month will be appointed by the president.

Grade Principle Says—

The major objective of the Canyon Public Schools for 1934-35 is the proper adjustment of the individual pupils to his or her whole environment. In an effort to achieve this goal, the Grade School teachers are making some changes in their organization and presentation of subject matter.

"Large units of work are rapidly becoming the core of the elementary school curriculum." This is because the subject matter and procedure demanded by this plan seem to develop understanding and appreciation of the complexities of modern life better than did the formal academic method of the past. A definition of the term, "Units of Work" will help explain why we believe this to be true.

The expression "unit of work" is variously explained in such terms as "life situations," "centers of interest," "pupils activity," . . . "central activity," and "central theme." A unit of work is broader than any one school subject. It may contain activities and materials found in several school subjects. These are organized around some current interest or experience of the children. "Units of work," therefore, are large situations which draw upon all phases of experiences and use all kinds of subject matter, thus furnishing an apperceptive basis upon which the child may make his adjustment to his environment.

All the school subjects are not taught by the unit plan. There is a place on the schedule for the large unit of work, and a place for the knowledge and skill subjects. Thus ample opportunity is given for mastery of the fundamentals and for "learning by doing" through the activities of the large units of work. Thus the two parts of our program converge and supplement each other. By this use of this program we hope to achieve our objective of 1934-35.

Student Council In Charge of Program on Fire Prevention

The Student Council had charge of the assembly program last Thursday. Fire Prevention was discussed by Mary Ella Lowe.

Miss Lowe presided at the program. Marie O'Donald played three piano solos, and Sam Robinson gave a reading.

After the program, Miss Lowe discussed plans for fire drills, which will be held twice each month this year. Some officers were also appointed. They are Willard Childers as fire chief, with his assistant, Mary Ella Davis. The floor captains and their assistants are: Hampton Lisle, Jack Inman, Wesley Cox, Jack Middleton, Billy Bewley, Sarah Bonnie Bourn, and Polly Little.

The final number was "Margie," played by Marie O'Donald.

Eagles Clash With Farwell Steers In Canyon Sat. Night

The second home game on the Eagles' schedule will be played under the floodlights of the Buffalo Field, Saturday night, with the Farwell Steers. The Eagles, having never lost a game to the Steers, appear in good shape to uphold the tradition.

Last week the Eagles defeated the Groom Tigers on the Buffalo Field by a score of 19-0. The Tigers had a scrapping little team, and played a hard game.

The Eagles' football schedule has been very successful this fall, having won two out of three games. The first game the Eagles won by a score of 7-0, defeating Dumas. The Eagles were then conquered by Panhandle 6-0. Opening their home schedule, the Eagles added Groom to their other victory, defeating the Tigers 19-0.

A. H. Hunt Talks to Home Ec. Class Fri.

"Learning the quality of groceries is as much a virtue as anything in life," began A. H. Hunt of the Canyon Grocery in a talk to the Home Economics Class in Room I at 11 o'clock Friday morning. The class is studying foods, and this is one method of learning selection of foods.

Mr. Hunt urged the students to make this study one of their accomplishment, by following it up until they master it.

One interesting topic was the story of the Dole brand of pineapple. Dole has a plantation in Hawaii and cans pineapple more than any other fruit.

Vegetables, meats and fruits are the main divisions in groceries. A study should be made of each in learning how to select and buy foods.

Brands and labels, according to Mr. Hunt, are necessary to canned foods. They tell the net weight of the contents of the cans, give the quality of food, the company, and usually a picture of the food.

SENIOR CLASS WINS LOYALTY CAMPAIGN; 135 TICKETS SOLD

With the closing of the Loyalty Campaign, Thursday, October 4, it was discovered to the Sophomore's dissatisfaction that the Seniors were victorious.

The different classes of the high school sold 135 tickets as follows: Seniors 48, Juniors 15, Sophomores 39, and freshmen 24.

Although there were comparatively few tickets sold to the town folks, Superintendent I. B. Carruth reports that he is happy with the results of the Loyalty Campaign.

EAGLES DEFEAT GROOM TIGERS 19-0 SATURDAY

EAGLE PASS COMBINATION ACCOUNTS FOR TWO TOUCHDOWNS

The Eagles annexed a victory Saturday night on the Buffalo Field by defeating the Groom Tigers 19 to 0. All of the scoring was done in the first half.

The Tigers' line-up was not much lighter than the Eagles, but it lacked the power.

The pass combination of Solomon to Hampton Lisle accounted for two touchdowns, and Willard Childers, Eagle end, made one on a line plunge, and kicked the goal after the first touchdown for the extra point.

The Eagles threw nine passes and completed 6 for 52 yards. The Tiger squad attempted seven passes and completed one for 11 yards. One was intercepted.

The Eagles made 225 yards from scrimmage, lost 13, and made 10 first downs. Groom made 79 yards, lost 5, and made 3 first downs.

The Eagles' team clicked a little better than in previous games, and appear to be in good condition for the game against Farwell.

The Groom team was accompanied by a band and pep squad.

Between halves the Purple Peps and White Peps marched from each end of the field and formed letters C-A-N-Y-O-N alternately with purple and white pep girls. The girls in the first three letters knelt down chanting the letters C-A-N; while they were coming up, the others knelt down chanting Y-O-N. This was repeated three times. The last time both divisions stayed down and yelled "Canyon" three times. They then marched off the field in couples.

Basketball Work Resumed Tuesday

Basketball practice started Tuesday afternoon, October 8, at 2 o'clock. This year they are expecting to have several new girls out for practice throughout the year.

Although they have only one girl who lettered last year, they expect to have the best basketball team that Canyon High School has ever had, according to Miss Ann Smith, coach.

Margaret Croson went to the picture show in Amarillo Monday night.

Old Age Pension, 'Share Wealth,' EPIC Plans Latest 'Depression Cures'

NECESSITY being the mother of invention, hard times have always been fertile breeding periods for Utopian schemes. Technocracy, it will be remembered had its brief fling. The White House has been flooded with ideas, hare-brained and otherwise for restoring happy days.

In recent months, several ambitious depression-ending projects from south and west have attracted widespread attention.

One of these is Louisiana Senator Huey Long's "Share the Wealth" campaign. His economic program, which won considerable approval throughout the south, is simple. No man is to have an income of more than $1,000,000 a year; no beneficiary shall inherit more than $5,000,000; and incomes and inheritances are to be limited by federal taxation.

Senator Long estimated that, if put into effect, these measures would net the U. S. Treasury a matter of $15,000,000,000 the first year, and between $3,000,000,000 and $5,000,000,000 a year thereafter.

With this money, Long predicted, a public works program could be given momentum that would flatten Old Man Depression into submission for good.

Another of the schemes is the Old Age Revolving Pension Plan. Evolved by Dr. F. E. Townsend of Long Beach, Calif., this panacea is delightfully simple and, for the aged, infinitely easy to take.

It proposes that each worker over 60 be retired and thereafter, during life, receive from the government $200 a month, which he or she must spend, within the month, in the United States. A federal bond issue of approximately $2,000,000,000, kept replenished by a sales tax, would supply the pension money.

Benefits of his plan, Dr. Townsend claims, would be more available jobs, increased purchasing power, reduction in charity expenditures, and higher wages.

• • •

THOUGH its measures are aimed to apply only in one state, another proposed economic remedy is noteworthy because it carried its author into the political limelight. It is the EPIC plan by which Upton Sinclair, prominent author, won the Democratic nomination for governor of California. With it, he hopes to (E)nd (P)overty (I)n (C)alifornia, if and when he wins the coming election.

Here are the authors of three new plans for restoring prosperity. The "Share the Wealth" scheme of Senator Huey Long of Louisiana, above; "EPIC," brain child of Upton Sinclair, left, California gubernatorial nominee; and the Old Age Revolving Plan of Dr. F. E. Townsend, right, have attracted considerable attention.

The main feature of Sinclair's program is the establishment of state land colonies, on which jobless may become self-sustaining and cease to be a taxpayers' burden.

Then, the state will take over factories, in which unemployed will produce the basic necessities of life. Between the land and the factories, a distribution system will be set up for exchange of products.

Scrip would be issued to the workers and used in the barter of land and factory-produced commodities. Bonds would be issued to cover the purchase of land, factories, and machinery, and the erection of buildings.

Other features of the EPIC plan call for increased income taxes in the higher salary brackets, increased income, public utility, and state inheritance taxes, and establishment of a land tax.

Small land owners are to be relieved of taxes. Pensions to the aged and to widowed mothers, and monthly payments to the blind, round out Sinclair's brainchild.

EVEN SIAMESE TWINS have differing finger-prints. For that matter, there is no exact match between any two of your own fingers. The finger-print of the babe just born will be identifiable in the same person 75 years later.

GASOLINES ARE *different*, TOO!

IF YOU want to buy gasoline CHEAP, by all means get Phillips UNIQUE.

It is a good gas at a cut price . . . an excellent value because it more than meets U. S. Government specifications for Motor Grade gasoline. It is equal or superior to other motor fuels sold at a similar cut price.

But if you want the MOST ECONOMICAL gasoline, we frankly do not recommend this cut-price grade. We sincerely say that you will save more money and get more pleasure out of motoring with Phillips 66 . . . the *greater gasoline*.

It contains Lead Tetraethyl to give it the highest possible anti-knock at its price. Its high test rating (gravity) is always at the highest point possible under our process of CONTROLLED VOLATILITY, which matches Phillips 66 to your location and weather . . . *"100% custom-tailored gasoline."*

It starts cold motors with split second speed. Needs less choke and hence delivers more miles per gallon. Reduces vibration and increases power. Cuts down noise and steps up speed. And it simply can't be beat for acceleration by any other gas even at a higher price.

These are the results you *actually feel* in your car, results that prove there *is* a difference. Get the money-saving facts for yourself by getting a trial tankful at any Orange and Black 66 Shield.

Clean-Up

have had a "clean-up" day or two, but without much improvement in cleaniness. Vacant lots, alleys, and other places are covered with weeds and trash of almost every kind. It will dull the edge of enthusiasm of our visitors if this condition is not corrected. In the measure that we disappoint our own purposes in the Homecoming. It is my conviction that cleanliness adds to property values, to say nothing of other values. Let every citizen thoroughly clean up his own premises and lend encouragement to the plan of our city officials for a clean town. I appeal to each of you as earnestly as I know how for complete co-operation in this important enterprise.

followers were sure they were capable of. In defeating one of the strongest teams in the state, and a team that Coach Mack Saxon boasted of as the best one he had produced, the Buffaloes turned loose a brilliant offense and played a jam-up defensive game.

Although the Buffs are elated that they have started clicking, and feel sure that they will defeat the Cadets, they are not over-confident. The victory just afforded the Buffaloes the assurance that will give them more power.

Captain Brown has always turned out good, well-trained football teams at the Institute, and this year is no exception. Last week they inaugurated their season with an impressive victory over New Mexico Teachers of Silver City, 26 to 0.

Captain Brown has formed a team of four lettermen, twelve squadmen from last year, and several newcomers. The forward wall of the Broncos will average 189 pounds to 182 for the Buffs, while their back field will average 169 to the Buffs' 170.

Three boys, Bragaw, 230, Grandevic, tackle, 225, and Green, guard, 200, add to the heavy forward wall of the Cadets. Chiaramente, sensational guard and pugilist, is playing his last year for the Institute.

The Buffs came through the Mines game without injuries and Coach Baggett is taking his entire squad to Roswell. The game is called for three o'clock Saturday afternoon. The Buffs will leave by bus Friday morning.

Dr. Geo. G. Ingham will be in Canyon Wednesday afternoon from 1:30 to 5:00 p. m., at the office of Dr. S. L. Ingham. X-Ray, Diagnosis and extractions. Call No. 8 for appointments. 1t

County Hog Men Favor Same Plan For 1935 Program

The balloting of the Corn-Hog Production Control Association for Randall county is being completed and the results being tabulated this week.

Four meetings were held in the county. Meetings were held at Umbarger, Zita and Sunny Hill last week and in Canyon, Monday night of this week. The county agent reported good attendance at all places.

The corn-hog contract signers voted on the proposed program for another year. Those signers of contracts who were not at any of the meetings were mailed a ballot to be voted upon and the complete tabulation is expected by the end of the week.

A majority of those voting favor the adjustment program for another year and its operation along the same plan as handled this year.

One hundred thirteen voted yes as favoring an adjustment program in 1935, as compared to 13 against it. On the question of a one-contract-per-farm program, 86 voted yes and 40 said no. These figures were the tabulations of yesterday morning. There are 204 signers of the corn-hog contracts of 1934 in Randall county.

Wheat Crop Loan Time Expires On Monday, Oct. 15

The time for applying for wheat crop loans will expire October 15, according to Mrs. James Cole, in charge of the Emergency crop and feed loan office. Although the time for making emergency crop production loans has been extended several times, the office has no indication of such an extension at this time.

No definite time has been announced as to the expiration of emergency feed loans for livestock. These loans are expected to be continued for some time after the expiration of the crop loan period.

leaders in the educational, business and professional fields of endeavor. As many of these as possible will be brought back for the two-day jubilee.

Practically every town and village in the Northwest portion of the state will be represented by visitors. Many schools will close October 19, so that teachers and friends in those communities may come to Canyon to meet on the campus of their Alma Mater.

Miss Ona Monahan, superintendent of schools in Hutchinson county states that she considers this a regional affair and not one limited to the vicinity of Canyon. It is planned that all the county schools of Hutchinson will be dismissed for Friday.

Judge J. H. Broadhurst of Spearman, county judge of Hansford county, will bring the celebration to the attention of the people in people in that county. He is urging the teachers in the schools as well as friends of the college of that county to attend the celebration. The schools of the entire county may be dismissed next Friday.

Receptions for Visitors

A number of reception committees will greet the visitors on their arrival at the College and every effort made to see that all visitors are cared for and all their needs and requirements met. A canvass of Canyon homes is being completed. Every available home where one or more visitors may be cared for is being listed with the proper committee at the college.

Judge Guy Rogers of Wichita Falls, W. J. Rattiken, president of the Texas Abstractor's Association, Fort Worth, both ex-students, will attend and are scheduled to appear on the program, Friday.

Football Game Saturday

Ruth Bryan Owen, America's only lady ambassador, will speak on the program Saturday morning, October 20. She is back in the United States for her first visit home since she was appointed Ambassador to Denmark.

Saturday afternoon, the Buffaloes will tangle with the McMurray Indians on the gridiron at Buffalo Stadium for the annual Homecoming football game.

"Ten Nights in a Bar Room," one of the mellowest of the melodramas which were popular a quarter of a century ago, will be revived as a light feature for the Silver Anniversary program. It will be presented by the faculty members Friday night, in the auditorium of the Education building.

This tearful play, popular at the turn of the century, will be directed by Miss Mary Morgan Brown, head of the speech department, and assisted by C. Wesley Batchelder, also of the department.

At noon Saturday a barbecue will be prepared to serve 3,000. John Snider and his crew of assistants will barbecue the beeves. Ex-students from the days of 1910 to June of 1934, parents of present students, classes now on the campus and special guests will receive blue tickets or badges.

Visitors to the College campus who have not been in Canyon since last year will be agreeably surprised at the new appearance of the interior of the Administration building. Extensive improvements have been made during the past year.

A college dance and several other social activities will conclude the celebration Saturday night. The entire two-day program will be filled with a round of constant activity.

Legion Installs New Commander, Other Officers

At the meeting of the Palo Duro Post, No. 97 of the American Legion, held at the Legion Hall last Thursday night, new officers for the post were installed.

The officers who are to serve for the coming year include: C. L. Thompson, post commander; J. B. Fowler, 1st vice commander; Geo. Taylor, 2nd vice commander; Andy Walsh, post adjutant; W. C. Black, finance officer; H. O. Price, service officer; L. D. Winn, sergeant at arms; D. F. Sanders, post chaplain; L. H. Holman, post historian; and Guy Harp, liason officer. The board of directors are: W. E. Lockhart, Guy Harp, J. B. Fowler, J. M. Daugherty, and J. W. Kleinschmidt.

er garb and eating Greenlander dishes.

"You see, when I was in Congress, I covered my district," Mrs. Owen explained. "It happened to be the longest district in the country, but I made it my concern to know it intimately.

In diplomacy, also, I wanted to know the territory assigned to me. Greenland is Denmark's one colony, many times the size of its mother country.

"It is a place closed to the tourist. Denmark allows only those with a definite purpose, scientific, artistic, or otherwise constructive, to go there.

"I found in Greenland a remarkable number of self taught artists. I believe it is because the colorings of sky and ice are so gorgeous they stir a mighty impulse to paint.

"In one Arctic village, the fish commissioner, Kiskemeister Neilson, painted the icebergs most beautifully. I brought one of his paintings to Mrs. Roosevelt."

One of Mrs. Owen's Christmas gifts is on its way to Christine, the one Eskimo girl she found in all her travels as tall as she, and whom she therefore sought out when she went shopping for a costume really suitable to wear up there.

"There is no such thing in Greenland as deciding you want a dress and then going to a shop and buying one," she said. "Each woman makes her own clothes, and such clothes as she will use herself. If she happens to have an extra costume which she is willing to part with in order to make herself a prettier one, the purchaser just happens to be in luck, that's all."

Exquisite in its beading and hand-designed leather is Minister Owen's Greenlander garb. Her red leather boots have a V trim of a colorful leather design, looking like finest cross stitch, pricked on, tiny piece by tiny piece, in needlework. These boots are long, like waders, for they must lap snugly over the costume of sealskin made aristocratic by a high collar of black dogskin, and deep, heavy bead bertha in individualistic design, over a bright blue blouse.

taining all his personal belongings, his pictures, drawing materials and other things that would make his stay at the south pole more pleasant. Mrs. Hill said Joe had not told them of his loss until he sent the cable, in which he asked for more clothes and some money.

A boat is going to New Zealand on November 7th which will carry Joe's new clothes and his money.

A second tractor party is preparing to leave Little America for a journey of exploration far to the south.

From Little America the tractor expedition will go to the advance weather base where Admiral Richard Byrd and three men are stationed. The tractor will carry supplies for two sledging parties which will make tours of exploration to Queen Maude range and the South Polar plateau.

Lieut. Commander George O. Noville, executive officer and field engineer of the expedition, will be in command of the tractor. His crew will consist of Joe Hill, and Bernard Skinner, former army parachute jumper.

No report was received October 8th from the expedition's first tractor, in charge of Harold June, which several days ago was held up by a blizzard 180 miles east of his base.

In regard to her son's return home, Mrs. Hill said, "We hope he will be back in May of 1935. The expedition is planning to leave the Pole in February. It takes about three months to make the trip home."

EPISCOPAL CHURCH

Rev. Newton C. Smith of Amarillo and Pampa, will preach and read the service of Evening Prayer at this church next Sunday night, Oct. 14, at 8:00 o'clock.

Mr. Smith is well known to the people of Canyon, as he has officiated in this church a number of times, and his friends and all others interested are cordially invited to hear him Sunday night, and to meet him and Mrs. Smith after the service at the Little House of Fellowship.

Mr. and Mrs. N. E. McIntire visited in the G. C. Hutchison home at Tulia, Sunday.

Joe Gamble of Amarillo was a business caller here Sunday.
